REPLY

In reply to the Restriction Requirement of October 19, 2005, applicants elect Group II and claims 8, 10, 14, 16, and 17 drawn to methods of preparing a radioactive microsphere.

Applicants reserve the right to file a divisional application on non-elected claims 1, 4, 5, and 7.

In response to the requirement for an election of species of the various coating materials, applicants elect silica. Of the elected claims, the claims readable on the elected species are claims 8, 10, 14, 16, and 17.

It is understood that the claims will only have to be restricted to the elected species in the event a generic claim is not found to be allowable.

Please grant any extensions of time required to enter this response and charge any additional required fees to our deposit account 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.
